**CRETORS OFFERS ECHOLS SLAW SHREDDER AND FOOD SLICER –
PROCESSES UP TO A GALLON PER MINUTE OF WIDE RANGE OF FOODS**

Delivers fast, safe slicing of hard cheese, onions, carrots, cookies and more.

C. Cretors and Company, the leading designer and manufacturer of food processing and concession equipment for over 120 years, offers the Echols Slaw Shredder and Food Slicer. This sturdy, dependable machine can process up to a gallon per minute of foods like hard cheese, onions, cabbage, carrots, frozen candy and cookies. It is an ideal tool for preparing tacos, chili, salads, cole slaw, or various ice cream treats.

The Echols Slaw Shredder and Food Slicer is built to last, with heavy duty cast aluminum construction, stainless steel blades and a rugged 1/2 hp, 1725 rpm motor. For maximum convenience and safety, a removable clean-out cap has a safety interlock to prevent accidental start-up during cleaning. The Slaw Shredder and Food Slicer fits a Model 113 paneled counter stand, Model 114 open counter stand, Model 512 floor stand with bucket, or a Model 515 floor stand with caster.

About C. Cretors and Company

Established in 1885, C. Cretors and Company is the leading designer and manufacturer of food processing and concession equipment providing a complete range of innovative foodservice solutions to companies around the world. A renowned industry innovator, in 1885 Cretors introduced the first patented steam driven popcorn machine that popped corn in oil. Since 1967, Cretors' Food Processing Division has offered a patented continuous production line featuring a hot air fluidized bed oven for high-volume popcorn production.

Over the company's long and storied history, its Foodservice Division offerings have expanded to include machines that produce and/or dispense cotton candy, nachos, caramel corn, and hot dogs, topping and dispensing equipment as well as warming and display cabinets. Today, Cretors continues to reinvest in research and development to

ensure constant improvements in everything from equipment manufacture to customer responsiveness to distributor network communications.
