CRETORS OFFERS NACHO TRAY WARMER FOR CONCESSIONS AND CONVENIENCE STORES

Energy saving warmer stores and heats up to 20 trays

C. Cretors and Company, the leading designer and manufacturer of food processing and concession equipment for over 120 years, offers the Nacho Tray Warmer for use in concessions stands, convenience stores, stadiums and theaters. Equipped with Cretors' exclusive recirculating hot air "Cornditioner" system, the Cretors Tray Warmer reduces energy consumption while maintaining the temperature of the product.

Storing and heating up to 20 standard nacho trays, the Cretors Tray Warmer is equipped with three adjustable wire racks to accommodate packages of different sizes. The stainless steel case is easy to clean and maintain, and will not warp or bend under high temperatures. Each case is available with customizable sign options, including reversible lighted signs for ideal merchandising.

About C. Cretors and Company

Established in 1885, C. Cretors and Company is the leading designer and manufacturer of food processing and concession equipment providing a complete range of innovative foodservice solutions to companies around the world. A renowned industry innovator, in 1885 Cretors introduced the first patented steam driven popcorn machine that popped corn in oil. Since 1967, Cretors' Food Processing Division has offered a patented continuous production line featuring a hot air fluidized bed oven for high-volume popcorn production.

Over the company's long and storied history, its Foodservice Division offerings have expanded to include machines that produce and/or dispense cotton candy, nachos, caramel corn, and hot dogs, topping and dispensing equipment as well as warming and display cabinets. Today, Cretors continues to reinvest in research and development to ensure constant improvements in everything from equipment manufacture to customer responsiveness to distributor network communications.
