

CRETORS®

The People Who Invented The Popcorn Machine™

Founded in Chicago in 1885, C. Cretors and Company can proudly state *"We Invented The Business of Popping Corn."* Over the years, Cretors has

remained the world leader in the production of popcorn equipment. Quality craftsmanship and technical innovation have been the hallmark of all Cretors' prod-

ucts for over one hundred years. From our smallest countertop models all the way up to our high volume popping plants, Cretors manufactures popping equipment

sure to fit all your needs.

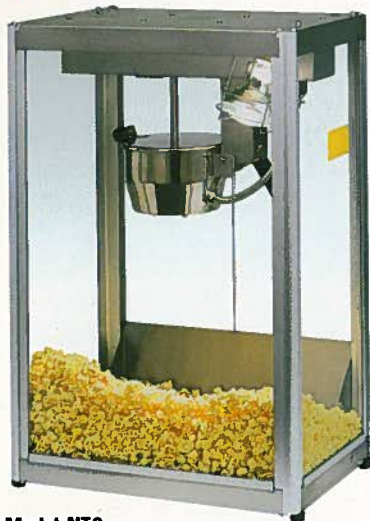

Use this catalogue to find the equipment that's right for your operation. The catalogue is color coded and divided into five areas (see guide below) making it easy for you to locate the Cretors popper or popping accessory that can help you increase your profitability.
