

NACHO CHEESE PUMP WITH SIGN • CONDIMENT DISPENSER • NACHO BULK CORNDITIONER CABINET • MAS GRANDE CORNDITIONER CABINET • NACHO PAQUEÑO CABINET • NACHO TRAY CORNDITIONER CABINET • PORTION PAK CORNDITIONER CABINET • NACHO CHIP CASE

Our exclusive circulating air Cornditioner cabinet technology, originally developed for keeping popcorn dry and crisp, has been adapted and designed into our nacho chip cabinets. The Cretors Cornditioner system consists of a recirculating air blower that draws air from the top of the cabinet, which is warmed and blown to the bottom of the cabinet through air ducts.

NACHO EQUIPMENT

Nacho Alto Cornditioner Cabinet

- Tall, vertical storage in a compact foot print
- All welded stainless-steel cabinet design
- Six adjustable, heavy gauge wire racks
- Two lift-off Vyvak® doors
- Internal lighting
- Exclusive Cornditioner system recirculates air to keep product dry and crisp
- Backlit sign
- Optional LED corner lights

Nacho Tray Cornditioner Cabinet

- All welded stainless-steel cabinet design
- Three adjustable, heavy gauge wire racks
- Two lift-off Vyvak® doors
- Exclusive Cornditioner system recirculates air to keep product dry and crisp
- Backlit Nacho sign
- Customer service side available

Nacho Pequeño Display Cabinet

- Two adjustable wire racks
- Effective merchandising in a compact footprint
- Heat pad helps keep product warmed and fresh

Mas Grande Cornditioner Cabinet

- All welded stainless-steel cabinet design
- Four adjustable, heavy gauge wire racks
- Two lift-off Vyvak® doors
- Internal lighting
- Exclusive Cornditioner system recirculates air to keep product dry and crisp

NACHO EQUIPMENT 5.16

Portion Pak Cornditioner Cabinet

- All welded stainless-steel cabinet
- Exclusive Cornditioner system recirculates air to keep product ready to serve
- Five heavy gauge wire racks
- One lift-off Vyvak door
- Lighted off/on rocker switch

Nacho Cheese Pump

Our Nacho Cheese dispensers stand up to the rigorous workload common in concession and food service locations. Welded stainless-steel construction ensures equipment durability during demanding use. An aluminum tub with a built-in thermostat holds two 6 lb bags and consistently heats cheese to serving temperature within 30 minutes. A no-drip peristaltic pump quickly dispenses warmed cheese and helps to keep your concession area mess free.

- Stainless-steel construction will not warp with use
- Adjustable portion control settings

Optional Features include:

- One-portion control or two-portion control delivery
- Manual continuous delivery button
- Lighted sign

Condiment Dispenser

Expand your concession offerings with salsa, chili, or even currywurst! Designed with all the ingenuity and quality found in our regular cheese dispenser, this stainless-steel smaller dispenser will pump a variety of condiments. Designed to hold one 2.5 lb bag of product, the no-splash design will efficiently dispense toppings with minimal mess.

- Available in heated (for nacho cheese) or unheated (for condiments) units
